

Help Connect Fountain Creek Trail Pueblo PACE Project

Pueblo has a tremendous river trail system extending from CSU-Pueblo northeast of town to Runyon Lake along the Fountain Creek Trail and then goes west along the Arkansas River trail through Lake Pueblo State Park. But this 19-mile continuous trail system is not well connected to a few city streets for community members to easily access without slipping in the sand or risking thorns in their tires.

The two photos below show missing trail sections from the Fountain Creek trail and access at 8th and 4th Streets that interrupt an otherwise continuous bikeway.

North side of 8th Street - gap at street

North side of 4th Street – gap at trail

Gaps of concrete exist at the trail and the street on both 4th and 8th Streets

Only \$1,800 of concrete could make a seamless bikeway from the Fountain Creek trail to both 4th Street and 8th Street for commuter and recreational riders, wheelchair users and walkers.

Please donate to the **Pueblo PACE Project** to connect Fountain Creek - all donations will receive a tax-deductible receipt from the Rush Miller Foundation, a cycling non-profit. If you have any questions please contact me at 719-320-2521 or email rushmillerfoundation@gmail.com. To verify this is an approved project contact Pepper Whittlef, City Transportation at 719-553-2722.

Sincerely,

Eric Miller
